## **Art.1 Organization**

- 1.1) Zodiac Racing is a South African based Community that caters towards all Sim Racers regardless of skill or experience level. We endeavor to create a respectful but competitive racing league for all to enjoy.
- 1.2) Zodiac Racing remains the sole determination of the 2024 MSA Sim Racing Sporting and Technical Regulations as approved by MSA and MSA Sim Racing Workgroup.
- 1.3) The organisational structure for Zodiac Racing is as follows:

Promoter: Essie Esterhuyse2IC: Johan van der Merwe

Discord Admin: Frans Botha

Anton Lammers

Stewards: Russ Cilliers

Jehan Kleynhans Michael Schultz Gabriel Melmed Frans Botha

Race Director: Essie Esterhuyse

Johan van der Merwe

**Anton Lammers** 

Creative Lead: Russ Cilliers

## **Art.2 General Conditions**

- 2.1) The entrant must ensure that they always comply with the Assetto Corsa Competizione (ACC) GT3 Championship regulations.
- 2.2 )The use of the images of the Series on behalf of any of the participants, teams, drivers, etc., for commercial use, social networks, or any other use, must have the consent of the Zodiac Racing, who own the Commercial Rights to all material produced by the Series. The Zodiac Racing will not be responsible for the incorrect use of the images made by entrants, drivers, teams, etc.

## **Art.3 Licenses**

3.1) There is no license requirement for the series.

# Art.4 Eligible cars and classes

- 4.1) Use of GT3 cars on Assetto Corsa Competizione that are available. There will be 2 divisions one classed as Pro for the more experienced and faster drivers and Pro-Am is made up of drivers with less experience and pace than Pro. The structure and division assignment may be subject to change based on the amount of entrants.
- 4.2) Zodiac Racing will be utilising the Simracing.gp online platform for its entrant admin, results tracking and server hosting. The allocation of entrants into the various divisions (splits) will be handled by the simracing.gp platform.
- 4.3) This is an open set-up series that allows the drivers to set their chosen car to their liking as per Assetto Corsa Competizione allows in the set-up menu.

# **Art.5 Registration**

- 5.1) Registration is completed by the driver on the Simracing.gp website (https://app.simracing.gp).
- 5.2) All entrants must provide their real names with true information and join the official Zodiac Racing discord.

## Art.6 Race calendar

6.1 The Assetto Corsa Competizione (ACC) GT3 Championship is comprised of 8 races, to be held at eight events as follows:

Date	Plat form	Name Of Event	Name Of Venue	RD	Category Facet	Promoter
January						
10-Jan-24	PC	ZRC GT3 Championship - SEASON 1	ТВА	1	CIRCUIT CARS - GT3	ZODIAC RACING

6.2 The Zodiac Racing reserves the right to modify the date and place of one or more calendar events via an official notice issued by MSA Sim Racing Workgroup.

## Art.7 Event Program and race distance to cover

- 7.1) Each race will consist of 15-minute qualifying, followed by a 75-minute race with 1 mandatory fuel stop with at least 1 liter of fuel, tire change is optional. Pit stops are monitored by the sim, Assetto Corsa Competizione.
- 7.2) Pitlane will open 1 minute after the start of the race and close 1 minute before the end of the race timer.

7.3) Drivers Briefing: 20h05 Server Start: 20h10 Qualifying: 20h20 Race Start: 20h35

- 7.4) Practice servers will be available online a week before the race starts.
- 7.5) Server settings will be available through the Simracing.gp portal. Once server settings have been published they remain the same for the duration of the event i.e., practice, qualifying, race.

# **Art.8 Scoring**

8.1) Points will be awarded according to the following scale for drivers in each race:

1st	50	2nd	43	3rd	38
4th	35	5th	32	6th	29
7th	27	8th	25	9th	24
10th	23	11th	22	12th	21
13th	20	14th	19	15th	18
16th	17	17th	16	18th	15
19th	14	20th	13	21st	12
22nd	11	23rd	10	24th	9
25th	8	26th	7	27th	6
28th	5	29th	4	30th	3

31th	2		32th	1			
------	---	--	------	---	--	--	--

Non-Finishers scores will be 0

- 8.2) Should the race be suspended due to unforeseen circumstances and have completed 75% race distance/time the results will be on the lap before suspension.
- 8.3) If an event is postponed/ canceled, no points will be awarded.

## **Art.9 Final Results**

9.1) The final race results of the event will be published at the latest at 22h00 on the day prior to the next race in the Championship.

# **Art.10 Podium Ceremony**

- 10.1) The top 3 drivers of the divisions are encouraged to attend the interview on the broadcast on completion of the race.
- 10.2) Drivers are to report to the interview room on the discord under the Media room sub-section.
- 10.3) All that attend need to behave in accordance with MSA Sim Race Sporting Code Of Conduct.
- 10.4) If drivers can't attend it is encouraged to notify the broadcasting team through the discord.

## **Art.11 Competition Numbers**

- 11.1) Each driver will have a competition number assigned on a list issued by the Zodiac Racing. The numbers appointed by the Zodiac Racing will not be modified in any way.
- 11.2) Each division will have a colored number board as follows:
  - Pro: White
  - Pro-Am: Grey
  - Am: Red

- 11.3) The teams may include on the vehicle, and commercial advertising, provided that:
- a) It follows the provisions of the rules on advertising of MSA and Zodiac Racing regulations.
- b) Comply with the placement provided in the Regulations for mandatory advertising. Any advertising contrary to that established or that appears in places other than those indicated in the Regulations must be expressly authorized by the Zodiac Racing.
- 11.4) Zodiac Racing reserves the right to decide, if necessary, and under reasonable request, the place where the name of the driver must be located, the number, and the compulsory advertising must be placed if it is not possible to place them in the places indicated in the regulations.
- 11.5) Entrants who have any conflict between the advertising of their sponsors and the mandatory advertisers of the Series, may request an exception from Zodiac Racing. Zodiac Racing may agree, at its sole discretion, for the Competitor to place said conflicting advertising on a car at a fee to be determined by Zodiac Racing.
- 11.6) Entrants registered for any event of the Series authorize Zodiac Racing to freely disclose, without limitation of time and in the manner, they deem appropriate, the Entrant's participation and their results obtained, as well as the transfer to third parties of these rights.
- 11.7) The advertising on the part of the Entrant, or any other person, of the results, records, etc., obtained in the series may be done with the permission of Zodiac Racing. The advertising must respect the general image of both competitors and cars and must always show the mandatory advertising in the respective places.

# Art.12 Officials

- 12.1) There will be the following officials for the series:
  - Server Admin
  - Broadcasting Team
  - Head Steward MSA accredited
  - At least 3 stewards or unequal numbers of more than 3
  - Discord Moderator
  - Administrator
- 12.2) The roles of the following officials will be:
- 12.2.1) Server Admin:
  - Monitoring server network,

- setting up the servers for practice and race along with conditions
- adding drivers to servers after they register for the series.
- To ensure penalties are applied at a server level i.e. disqualified from the season should be removed from the server list so they are unable to join.

#### 12.2.2) Broadcasting Team:

- Broadcasting the events.
- setting up the broadcasts
- conducting interviews
- monitoring the broadcast chats across the platforms.

#### 12.2.3) Head Steward:

- Allocation of stewards on a weekly basis (Monday to Sunday evening on a rational basis).
- Ensure stewards are aware of any outstanding incidents that still require their attention.
- Monitor time frames to ensure that all stewarding decisions are finalized by the Sunday following the race at 22H00.
- Responsible for guiding the stewards in decisions that require dinner integration which will allow for the development of the stewards in order for them to gain experience.
- The Head Steward is not a voting member regarding penalties.
- Capturing the findings of the stewards.

#### 12.2.4) Stewards:

- Review submitted incident reports by:
  - A) Viewing the supplied supporting documentation and media of the incident in question.
  - B) Interrupting the information given in 12.2.4 A) in terms of the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations.
  - C) Reach a decision on the validity of the incident in question.
  - D) Determining the severity of the incident based on the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations.
  - E) Applying the penalty to the driver/drivers in question
  - F) Submitting their findings to the head steward
  - G) Complying with the MSA Sim Racing Stewards code of ethics and the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations Stewards code of ethics.

#### 12.2.5) Discord Moderator

 To monitor the discord channels for profanity, racism, sexism, bullying, pregnancy, marital status, ethnic or social origin, color, sexual orientation, age, disability, religion, conscience, belief, culture, language, and birth.

- Removing any of the above
- Reporting any incidents to the Zodiac Racing management for possible disciplinary steps.

#### 12.2.6) Administrator:

- Update race results after completion of the race incidents review process
- Publish the final race results
- Allocating championship points
- Publishing championship points prior to the start of the following race
- Issuing of penalties
- 12.3) The stewards may use all available video or electronic equipment to assist them in deciding their outcome on the submitted incident/s.
- 12.4) Stewards are allowed to request and receive any additional information and data in order to facilitate their decision.

# <u>Art.13 Instructions And Communications To The</u> <u>Entrants</u>

- 13.1) The server admin, Administrator, and Stewards give instructions to the Entrants using Bulletins following the MSA Sim Racing Sporting Code. These instructions must be distributed to all the Entrants and published on an Official Notice Board. Such an official Notice Board may be a Virtual Notice Board established by the organizers from time to time on a platform of their choosing.
- 13.2) All results of the practices and races, as well as any instructions given, or decisions made by the server admin, Administrator, and or the Stewards will be placed on the Official Notice Board.
- 13.3) Any decision or communication of the Stewards, administrator, or server admin, that affects a particular participant, will be immediately communicated in writing to the relevant participant, by making use of the Virtual Notice Board.
- 13.4) The Entrants or their representatives must be available during the whole event.
- 13.5 Official instructions will be transmitted to the drivers utilizing the flags and signals. The server admin/ Administrator may instruct an Entrant or Team representative to issue a driver an

instruction via the team's communication with the driver. Such instruction will be deemed to be official. For example, if a driver has a poor internet connection.

## **Art.14 Incidents and penalties**

14.1) "Incident" means any occurrence or series of occurrences involving one or more drivers, or any action by any driver, which is reported to the Stewards by the entrants and referred to the stewards for investigation which:

- Constitutes a breach of the applicable sporting regulations.
- Causes a false start of one or more cars.
- Causes a collision.
- Forces another driver off the track.
- Illegitimately obstruct or impede any correct overtaking maneuver of another driver.
- Illegitimately overtakes another driver.
- Disobey or ignore the indications, instructions, or communications of the officials or organizing staff of the event.
- In general, any conduct that by action or omission attempts against the good sporting order should govern the sport of the automobile and its competitions.
- 14.2) It will be at the stewards/admin's control, under a report or at the request of the driver, to determine if an "Incident" has occurred, as well as which driver(s) is (are) involved and if they should be sanctioned.
- 14.3) If the steward is investigating an "Incident", he must inform the team or teams that are involved, utilizing a message posted on the in-game text if the facilities available allow it, or on the official virtual notice board.
- 14.4) The Stewards may inflict the penalties written in the Regulation or other applicable regulations. Likewise, they may apply the same relevant penalties at the request of the head steward.
- 14.5) The head steward/stewards, when specifically provided for in these Sporting Regulations, may inflict on any driver involved in an incident, one or more of the following sanctions:
  - A written warning
  - A written reprimand
  - A Time penalty via:
    - 1) Adding time to time scored in the race.
    - 2) Loss of positions in the results.
  - Loss of positions on the starting grid.

- Lap penalties
- Exclusion/preclusion.
- 14.6) In addition, the Stewards shall transfer a disciplinary record of a licensee involved in an "Incident" to MSA Sim Racing Workgroup if deemed severe.
- 14.7) Incidents deemed as Serious by the Stewards that happen during qualifying, or Practice may lead to exclusion from the next event.
- 14.8) Stewards may use the following penalties under each of the severity grading.
- 14.8.1) Minor penalties: 1 penalty point, 5 second time penalty.
- 14.8.2) Moderate penalties: 2 penalty points, 10 seconds time penalty.
- 14.8.3) Severe penalties: 3 penalty points, 20 seconds time penalty.
- 14.9) Total penalty points will give the following penalties:
- 14.9.1) 4 Points: Qualification Ban
- 14.9.2) 7 Points: 1 Race Ban
- 14.9.3) 10 Points: 2 Race Ban
- 14.9.4) 11 and up in penalty points: Season ban
- 14.10) Penalty points gained will automatically expire after 4 months. (Points expire 4 months after the race in which it was gained so not all points expire after 4 months, only the points gained "4 months ago".)
- 14.11) Points and suspensions are carried over between seasons and work on a 4-month cycle, not linked to any specific season or the race calendar. This means reckless driving in the final race of a season could lead to a suspension from the 1st race of the next season.
- 14.12) If the sim deems it necessary to impose an immediate time penalty (Drive Through or Stop & Go) the following procedure will be applied:
- a) The sim will notify the penalized competitor through a black flag and the imposed penalty. At the same time and whenever possible. It is the responsibility of the driver to comply.
- b) From the moment the decision is communicated through the timing screens from the moment the driver receives notification the relevant driver may not cover more than three full laps before entering the Pit Lane or will be disqualified by the sim this is not appealable.

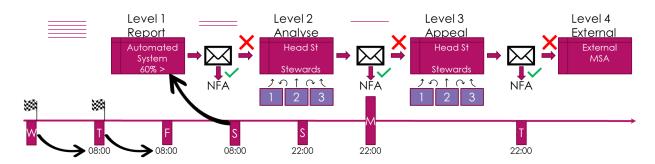

- c) Any breach of the provisions of art. 14.12a or 14.12b may result in exclusion.
- d) Definitions:
  - 1) Drive Through: enter the Pit Lane, drive at the applicable Pit Lane speed limit to its total length without stopping, and rejoin the track.
  - 2) Stop & Go: enter the Pit Lane, and drive to the designated penalty area where the driver will completely stop the car at the place. When the car is stopped, the sim will begin the countdown of the imposed penalty, at the end of which will authorize the driver to restart by allowing the vehicle to move. Stop & Go's may also be served in the competitor's PIT BOX if there is no designated penalty area.
- e) if the engine stops, and the driver cannot start it again, the use of the reset or tow function is authorized.

### Art.16 Incident Reporting Procedure (IRP)

Below figure is a graphical representation of the IRP system and can be used as a reference.

Figure 1:

- 16.1) Only the entrant who is directly affected by an incident may report the said incident through the IRP.
- 16.2) Any protest must be made under the provisions of the MSA Sim Racing Sporting Code and the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations.
- 16.3) All competitors have the right to appeal the decisions of the Stewards of the event in the manner and deadlines where and as allowed in the MSA Sim Racing Sporting Code and Zodiac Racing GT3 Championship Series Standing Supplementary Regulations.
- 16.4) Certain sanctions cannot be appealed:

- Sanctions of "Drive Through" or "Stop & Go" by the sim.
- Time penalties are given by the sim.
- Disqualifications by the sim.

16.5) Incidents can only be reported from 08h00 the day following the race.

### Art 16.6) Level 1 of the Incident Reporting Procedure

Initial report will be dealt with on level one of the IRP

- 16.6.1) Level 1 consists of an automatic notification of a reported incident including an acceptance option to the offending driver which is sent to the offending driver by email or discord.
- 16.6.2) If the offending driver accepts the penalty it will be applied with no further action.
- 16.6.3) Should the offending driver not accept the automated notification of penalty then the report will progress to the next level in the IRP.
- 16.6.4) All incident reports must be filed before 08H00 on the Saturday following the race day.
- 16.6.5) Failure to comply with the prescribed time frame, will result in the report being voided.

## Art 16.7) Level 2 of the Incident Reporting Procedure

Level 2 of the IRP consists of the following:

- 16.7.1) All stewards are to review the incident in question and provide their decision to the head steward.
- 16.7.2) Stewards are encouraged to discuss the incident/s in question with their fellow stewards on duty for the same week. Stewards are not allowed to discuss the incident in question with any other stewards or head stewards which are not on duty for the same week.
- 16.7.3) Stewards can request the guidance of the head steward in reaching their decisions if deemed necessary.
- 16.7.4) Each steward is to declare their decision on the Zodiac Racing official incident reporting sheet.
- 16.7.5) A Majority vote will determine the final decision on the incident in question.

- 16.7.6) Stewards should finalize their decisions by the Sunday following the race at 22h00 in order to have the official penalties published on the Zodiac Racing GT3 Championship Series Virtual Notice Board.
- 16.7.7) The offending driver will also receive an email or personal message of the decision of level 2 of the IRP.
- 16.7.8) If the offending driver accepts the penalty it will be applied with no further action.
- 16.7.9) Should the driver want to appeal the decision by the Level 2 IRP, the incident progresses to Level 3 of the IRP.
- 16.7.10) The offending driver is to submit their supporting documentation and media by the Monday following the race by 22H00.
- 16.7.11) Failure to comply in submitting in the given timeframe the entrant's appeal will not be considered and the penalty will be applied as per Level 2 of the IRP.

### Art 16.8) Level 3 of the Incident Reporting Procedure

Level 3 of the IRP consists of the following:

#### Art 16.8.1) Well-founded appeals

To be considered, an appeal must be well founded. An appeal shall be reasonable, logical and based on sound evidence. Regardless of the outcome, Zodiac Racing Stewards and Head Steward may deem an appeal to be frivolous if it is found not to be reasonable, logical, and based on sound evidence. Zodiac Racing Stewards and Head Steward reserves the right to assess a penalty to any entrant filing a frivolous appeal.

## Art 16.8.2) Initiating an appeal

16.8.2.1) Appeals must be made in writing, specifically asking for an appeal, specifying the exact nature of the appeal and why it is believed an appeal is warranted, along with all evidence to support the appeal. Written appeals must be addressed to Zodiac Racing IRP system and submitted to the leagues penalty process. This is the only place to formally make an appeal.

Appeals must be submitted by Monday following the race by 22H00. Any evidence, data, recordings or third party accounts are welcome and encouraged to be submitted with appeal. "Intent to Appeal" or other informal appeals of any kind will not be accepted.

16.8.3) Example of a Properly Formatted Appeal:

Zodiac Racing GT3 Championship Series Supplementary Regulations: 5.1.1.2

Driver: Joe Smith

Grounds for and Description of Appeal: I feel the wrong decision has been made because...

Accompanying Attachments: chat text.jpg, video link, youtube, etc

- 16.8.4) Entrants are allowed only 2 appeals tickets per season.
- 16.8.5) If an appeal is unsuccessful, the entrant then loses one of their appeals tickets for that season.
- 16.8.6) If an appeal is successful, the entrant retains their appeal ticket for the season.
- 16.8.7) An appeal is deemed successful when the initial penalty given on Level 2 of the IRP is reduced or voided.
- 16.8.8) The alternated stewards and head steward that signed on for the new week following the previous race would assume their duties on the Monday morning.
- 16.8.9) The stewards and head stewards would review the now submitted appeals.
- 16.8.10) All stewards are to review the incident in question and provide their decision to the head steward.
- 16.8.11) Stewards are encouraged to discuss the incident/s in question with their fellow stewards on duty for the same week.
- 16.8.12) Stewards can request the guidance of the head steward in reaching their decisions if deemed necessary.
- 16.8.13) Each steward is to declare their decision on the Zodiac Racing incident offical reporting sheet.
- 16.8.14) A Majority vote will determine the final decision on the incident in question.
- 16.8.15) Stewards should finalize their decisions by the Tuesday following the race at 22h00 in order to have the official penalties published on the Zodiac Racing GT3 Championship Series Virtual Notice Board.

- 16.8.16) The offending driver will also receive an email of the decision of level 3 of the IRP.
- 16.8.17) The decision of level 3 of IRP is final from Zodiac Racing administration.
- 16.8.18) The penalty will be applied.

### Art 16.9) Level 4 of the Incident Reporting Procedure

- 16.9.1) In terms of Zodiac Racing administration the applied penalty and incidents will only be up till level 3 of the IRP.
- 16.9.2) Any MSA e-License holder assessed a penalty shall have the right to appeal any decision or penalty imposed by Zodiac Racing unless otherwise stated in the penalty notice itself, or in the MSA Sim Racing Sporting Code and Zodiac Racing GT3 Championship Series Supplementary Regulations.
- 16.9.3) The aggrieved then follows the MSA Sim Racing Sporting Code Appeals section to progress their appeal.

## **Art.17 Driving Rules**

Any member found in breach of the MSA Sim Racing Sporting Code and the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations, may result in a penalty for the offending entrant. The decisions will become immediately binding regardless of pending appeals. The penalty will remain in effect until the appeal process has concluded. All appeals are to be made according to the proper procedure and are subject to limitations as discussed in art 16.

## Art 17.1 Blocking

- 17.1.1) A driver may choose to protect his or her line so long as it is not considered blocking. Blocking is defined as two consecutive line changes to protect the driver's line in the braking zone and in doing so impede the vehicle that is trying to pass.
- 17.1.2) Applicable penalty: one (1) penalty point

## Art 17.2 Safe Passing

The responsibility for the decision to pass another and to do it safely rests with the overtaking driver. The driver being overtaken should be aware that they are being passed and must not impede the pass by blocking as per 17.1. A driver that does not use their mirrors, radar, and or look to the side control and appears to be blocking another car seeking to pass may be penalized. If all parties involved did their utmost to avoid contact and abided by all the rules discussed below, but incidental contact still occurs, the incident will be regarded as a racing incident and no penalties will be awarded. There must be sufficient space for both vehicles to stay on the track, not exceed the track limit, and not have contact with both drivers. There must be sufficient space spare and the passing driver must be prepared to take evasive action if necessary.

### Art 17.2.1 Straight-line racing and sweeps

If the Front Bumper of the challenging car is behind the rear bumper of the lead car in a straight line or a sweep, the lead Vehicle may change direction and defend the position.

-The lead car may not change direction to block the challenger while the front bumper of the challenger is ahead of the rear bumper of the lead car in a straight line.

#### Art 17.2.2 Corner entry to exit

If two or more vehicles are entering the braking zone of a corner together, it is expected of each driver that such cars will exit the corner without contact. Neither overly aggressive overtaking nor excessively defensive driving will be tolerated.

- -The lead vehicle may enter the braking area in whichever way he or she wishes inside, middle, or outside, provided the rules above have been adhered to (one change of direction from corner to corner).
- -Once the lead vehicle has entered the braking zone with a vehicle nearby, the lead vehicle may not change direction to block/crowd the challenger. (e.g. A driver may choose the inside line when there is a car nearby but may not drift across under brakes to then try and get a better line entering the corner).

- -The changing of direction by the lead vehicle in the braking area is prohibited as this would lead to the "Blocking" of the challenger, and any resultant contact between the two vehicles would be deemed the fault of the lead vehicle.
- -If the challenger is on the inside in the braking area at the turn-in point and his/her front wheels are behind the leaders rear wheels, he/she will withdraw and forfeit the corner to the lead driver to take his/her normal line.

(Note: Turn in point and not the end of the braking zone, as some corners require turning whilst still on the brakes) Replays of previous laps will be used by the stewards to determine the turn-in point if required.

- -It must be remembered that the lead vehicle must turn with the aim of apexing unless the inside challenger is alongside and passes the rear wheels of the lead car with their front wheels at the turn-in point.
- -If at the Turn point, the inside vehicle has passed the rear wheels of the outside vehicle with their front wheels, the vehicle on the outside cannot turn in and take the normal racing line and must give space for the vehicle on the inside to take the corner.
- -Any bumping of the lead vehicle from the back on the rear bumper is the fault of the challenger; (Provided no brake testing has been performed by the lead vehicle).
- -Furthermore, the bumping of the outside vehicle behind the rear wheels of the lead car by the inside vehicle is also the fault of the inside car if the outside car was abiding by the above rules.
- -The 'Y' or 'T' boning by a challenger on the inside of the lead vehicle would be a clear indication of the challenger coming in too fast and stopping against the leader whilst he/she is turning into a corner. This indicates a clear intention of driving the lead vehicle off the circuit or a seriously over-aggressive move and will be deemed the fault of the challenger provided the lead car abided by the rules above.
- -The onus for a clean and clear overtaking maneuver lies with the challenger as he/she has a clear view of what is in front and the knowledge of the anticipated line that the lead vehicle should or would take through the corner unless the lead vehicle makes a premature or sudden direction change in the braking area, which would then be the fault of the lead vehicle.
- -From the apex out (Mid Corner), if the outside vehicle is past the inner car's front wheels at the turn-in point and remains there at the midway point of the corner, the inner vehicle will take extra care not to drift wide under power forcing the outer car wide and ultimately off the circuit at the exit.
- -The inside vehicle should exercise extra caution to avoid contact, by lifting off the throttle, applying brakes, or taking extreme evasive action if necessary. If there is no evidence of evasive

action this will certainly count against the inside vehicle. At the same time, the outside vehicle must also take extra care not to crowd the inside vehicle inwards of the racing line.

#### Art 17.3 Counter course driving

- 17.3.1) Operating a vehicle in the direction opposite to the normal traffic flow is strictly prohibited. Performing or attempting a 'U-turn' (180-degree turn) on or across the racing surface is considered Counter-Course driving.
- 17.3.2) Applicable penalty: Disqualification from race and three (3) penalty points.

#### Art 17.4 Avoidable Contact

17.4.1) Avoidable contact is defined as nose-to-tail (or side-of-the-nose to side-of-the-tail) contact, where the leading vehicle is significantly knocked from the racing line. The "nose" of the vehicle is defined as the area from one front wheel, around the front of the vehicle, to the other front wheel including the wheels themselves.

Once the trailing vehicle has its front wheels next to the rear wheels of the lead vehicle, it is considered that the trailing vehicle has the right to be there and that the leading driver must leave the trailing driver enough "racing room".

- 17.4.2) If there is adequate racing room left for the trailing car, and there is incidental contact made between vehicles, the contact will be considered "side-to-side". Incidental side-to-side contact is considered to be a racing incident.
- 17.4.3) if the contact is deemed a avoidable contact by the Zodiac Racing stewards the following criteria will be used to determine the severity of the penalty.

	Minor	Moderate	Severe
Damage	<2s	2s> <10s	10s> +
Track position lost	None	1 to 4	5 or more
Time lost	<5s	5s> <15s	15s> +

#### 17.4.4) The applicable penalty

- Minor: one (1) penalty point and 5 seconds added to race time.
- Moderate: two (2) penalty points and 10 seconds added to race time.
- Severe: three (3) penalty points and 20 seconds added to race time.

#### Art 17.5 Right to line

- 17.5.1) The driver in front has the right to choose any line, so long as not to be considered blocking. The driver attempting to make a pass shall have the right to the line when the front wheel is beside the lead car's rear wheel.
- 17.5.2) Once the trailing vehicle has its front wheels next to the rear wheels of the lead vehicle, it is considered that the trailing vehicle has the right to be there and that the leading driver must leave the trailing driver enough "racing room".
- 17.5.3) If adequate racing room is left for the trailing vehicle, and there is incidental contact made between vehicles, the contact will be considered side-to-side. Incidental side-to-side contact is considered to be a racing incident.

## Art 17.6 Unsafe track re-join

- 17.6.1) A driver that has left the track for any reason (e.g. spin, collision, etc.) is required to take all necessary precautions to avoid an unsafe re-join to the track that may cause an incident with drivers approaching his/her location of re-entry. Use of looking to the sides, race relative, radar, track map, or any assets that are in the sim are advised.
- 17.6.2) Any unsafe rejoins that cause an incident will be looked into by Zodiac Racing stewards and can be awarded penalties with the following criteria to determine the severity of the penalty.

Minor	Moderate	Severe
Rejoining the race flow causing drivers to have to reduce speed	Rejoining the race flow causing oncoming cars to take evasive action	Rejoining the race flow causing oncoming cars to take evasive action that results in contact with race walls/barrier or other cars.

#### 17.6.3) The applicable penalty

- Minor: one (1) penalty point and 5 seconds added to race time.
- Moderate: two (2) penalty points and 10 seconds added to race time.
- Severe: three (3) penalty points and 20 seconds added to race time.

#### Art 17.7 Cutting the course

- 17.7.1) Drivers gaining an advantage by following a course configuration other than the one specified for the event will be assessed a black flag or warning penalty by the sim.
- 17.7.2) If a driver leaves track limits as indicated by the white line to the left and right, gains a positional advantage or time advantage. They are to return the position to the driver that was affected.
- 17.7.3) If the position/s are not returned and is reported the following penalties will apply:

Minor	Moderate	Severe
Gaining 1 race position and/or one second time advantage	Gaining 2 to 3 race positions and/or 2 to 3 second time advantage.	Gaining more than 3 race positions and/or 4 or more seconds time advantage.

#### 17.7.4) The applicable penalty

- Minor: one (1) penalty point and 5 seconds added to race time.
- Moderate: two (2) penalty points and 10 seconds added to race time.
- Severe: three (3) penalty points and 20 seconds added to race time.

#### Art 17.8 Damaged Vehicles

17.8.1) Drivers may not drive damaged vehicles on the racing line at reduced speeds with the intent of gaining positions from drivers that have retired or disconnected due to damaged race cars. The intent of this action is contradictory to the spirit of competition and creates an unsafe environment for the remaining drivers not damaged and still racing. A protest may be filed through the proper channels for this offense.

17.8.2) Applicable penalty: two (2) penalty points.

#### **Art 17.9 Intentional Caution**

17.9.1) Drivers intentionally stopping on or off the racing surface to intentionally bring out a caution period for their benefit, or the benefit of another driver, is forbidden and subject to adverse administrative and /or punitive actions.

17.9.2) Applicable penalty: Disqualification from race and three (3) penalty points.

#### Art 17.10 Tow Laps

17.10.1) Drivers may not use the Enter/Exit/Tow Car control (also known as "Reset") to gain positions during a race. This includes driving your damaged vehicle to your pit box, exiting the pit box, and then using the Reset function to move forward around the track to complete laps and pass competitors who have since retired or disconnected from the race session. A protest may be filed through the proper channels for this offense.

17.10.2) Applicable penalty: Disqualification from race and three (3) penalty points.

#### Art 17.11 Illegal surfaces

17.11.1) Drivers can only use the racing surface and allowed areas of the track for Qualifying and Racing. Any disallowed areas of the track and any advantages gained through their use will be determined by the sim and the white lines signaling track limits. A protest may be filed through the proper channels for this offense.

17.11.2) Applicable penalty: one (1) penalty point.

#### Art 17.12 Nefarious Tactics

- 17.12.1) Drivers may not use nefarious tactics to gain an advantage in Qualifying or Racing. Zodiac Racing stewards and/or sims will determine what constitutes an advantage.
- 17.12.2) Examples of such is blocking, intentional wrecking of competitors, team tactics that result in unfair passing or advantage.
- 17.12.3) Applicable penalty: two (2) penalty points.

## Art 18. Stewards

No steward can carry out his duties in a satisfactory manner unless he/she has, at the very least; working knowledge of the league rules and allied regulations. The function of the stewards, acting as a body and not as individuals, is to constitute an impartial judicial body and, in so doing, to see that the organizers deal fairly with the competitors and that the competitors respect the organizers. Should the circumstances warrant this, leagues shall have the right to appoint one or more alternate stewards to hear protests that are not able to be heard for the event in question. In the case of an MSA cup/challenge or interprovincial, event stewards need to have sim racing knowledge, an understanding of the particular sim being used, knowledge of the league SSR, and the head steward to hold a current MSA stewards license.

#### Art 18.1 Responsibility and authority of the stewards

- 18.1.1) The stewards shall have authority for the enforcement of the league rules (as set out in this document) once they become empowered to act.
- 18.1.2.) The stewards shall not in any way be responsible for an event's organization and shall not have any executive duty in connection therewith. For a race that is promoted directly by the league or MSA sim racing board, the stewards of such a race may combine their duties with those of the promoters. In an event comprising several competitions, there may be different stewards for each competition. When leagues have appointed one or more of the stewards, such steward, or if more than one, the steward appointed as the "Senior Steward", shall act as chairman of the stewards for that league.
- 18.1.3.) They may, in exceptional circumstances, amend the regulations, these need to be signed off by the head steward and promoter with formal notification to drivers and add as amendment to SSR on page 2.
- 18.1.4.) They may forbid the running of any competition not in conformity with the applicable regulations, or in a case of "force majeure", or for safety reasons.
- 18.1.5.) They may modify, or instruct modifications to the program, the services, or installations, whether or not these have been suggested by the organizer of the event, to ensure greater safety for the competitors.

- 18.6.) They may appoint deputies in the absence of any of their numbers to make sure the required number of stewards is present.
- 18.7.) They may authorize a restart after a competition has been stopped due to server crashes/misconfigurations.
- 18.8.) They shall determine if a competition should be concluded after it has been stopped by the head steward or for technical reasons related to server crashes/misconfiguration.
- 18.9.) They may authorize a new start in the event of a dead heat.
- 18.10.) They may amend the classification.
- 18.11.) They must investigate or cause to be investigated any incidents or breaches of the rules which they observe, or which are reported to them.
- 18.12.) They may recommend to the Sim racing workgroup and organizers that further action be taken against a competitor for any serious offense, including holding an inquiry.
- 18.13.) At the end of the competition or meeting, the stewards must report to organizers and the MSA Sim Racing Workgroup such matters as required. However, this report must contain at least all details of protests lodged, whether heard or declined, appeals received, and their recommendations for any further penalties or sanctions. This report must be submitted to the organizers and the MSA Sim racing board only within seven working days from the date of the competition.
- 18.14) They shall settle any protests that may arise during a race in such a manner as they deem appropriate, subject to the rights of appeal provided in these rules. stewards may receive protests through the league's incident submission process as per their SSRs. The time that the protest is received must be recorded on the protest. The stewards should satisfy themselves that the protest has been lodged strictly following part 1 of this document. Competitors are deemed to know the rules and it is not the function of the stewards to assist or give advice to competitors regarding the manner and method in which protests should be lodged.
- 18.15) The stewards should ensure that the review of protests is private with only interested parties being present, including the "Head Steward". It is not the function of stewards to act as prosecutors or defendants. They may ask questions on points of clarification but should generally leave the various parties involved to state their case in amplification of the written protest previously lodged.
- 18.16) In considering the rules of the league, stewards must consider the rules as published. They must only be concerned with the normal plain meaning of the wording of the regulations and must pay no attention to any claim as to what any regulations were intended to mean. In the

case of ambiguity, the rules should be read and taken as a whole before a decision regarding the intention of the regulations is decided upon.

- 18.17) In the case of the stewards not being unanimous in their findings, a majority decision prevails. If there is an equality of votes, the incident can be forwarded to the MSA sim racing board for a decision to be made.
- 18.18) Should there be the slightest possibility that new and/or additional evidence concerning a matter heard may change the findings of the hearing, it is essential that they reserve judgment. In such instances, the parties must be advised within one working day of the time and place at which the decision will be given.
- 18.19) In addition to hearing protests, the stewards may be called upon to deal with an alleged breach of the rules.
- 18.20) Where a decision made by the stewards affects the results of an event/race, the stewards shall, as soon as possible, advise the relevant officials accordingly to allow the latter to amend the provisional results, for re-publication.

## Art 18.2 Important notice to stewards

Stewards are often prevailed upon to advise competitors who are annoyed or aggrieved by the actions of the league organizer. They should firmly but tactfully avoid giving such advice, which often arises from a question that is a concealed protest. Once having given solicited or unsolicited advice to competitors or organizers, the stewards have automatically debarred themselves from dealing with any protest that may subsequently arise on the matter. Stewards who thus compromise their positions cannot carry out their judicial duties, and powers, and this gives rise to unnecessary appeals.

# Art 19. Forfeiture Of Awards

19.1) Any entrant penalized in any way may lose the right to receive awards granted for racing or driving competition at the sole discretion of MSA, the MSA Sim Racing Workgroup, and Zodiac Racing.

19.2) MSA, the MSA Sim Racing Workgroup, and Zodiac Racing retain the right to withhold any awards from competitors if found that he or she has violated the MSA Sim Racing Sporting Code or the Zodiac Racing GT3 Championship Series Standing Supplementary Regulations SSR.

## Art 20. Publication Of Penalties

20.1) MSA, the MSA Sim Racing Workgroup and Zodiac Racing reserves the right to publish the name of any entrant assessed a penalty, as well as the nature of the infraction or violation and any associated penalties, in its publications or those of any other affiliated public forum.

# Art 21. Briefing

- 21.1) Drivers Briefing will start promptly at 20h20 in the Zodiac Racing official discord under the ACC-GT3-Sprint-Series sub-section in the drivers briefing voice channel.
- 21.2) All drivers participating in the event will need to attend, if a driver is unable to be at the drivers briefing they are to notify the Zodiac Racing administration.
- 21.3) All drivers are required to mute their microphones for the duration of the briefing.
- 21.4) Once the briefing has concluded drivers may leave the channel and rejoin their own communication channels.

## Art 22. Flags

## Art.22.1 Green Flag

22.1.1) A green flag indicates the start of a race, a clear track condition, and/or the cancellation of a previous flag condition, such as a caution.

#### Art.22.2 White Flag

22.2.1) When displayed at the start/finish line, a white flag indicates the start of the last lap and will be displayed to the leader first and then to the remainder of the competitors.

22.2.2) Some sims use the white flag on straights and corners to warn of a slow car ahead that may be recovering from an earlier incident.

#### Art.22.3 Checkered flag

22.3) A checkered flag indicates the end of a Session, Warm-Up, or Race.

#### Art.22.4 Blue Flag

- 22.4.1) A blue flag with a diagonal yellow stripe or a full solid blue flag indicates faster cars are approaching. This flag is informational only.
- 22.4.2) In all cases, it is the responsibility of the faster car to safely overtake the slower car. It is the responsibility of the slower car to maintain a consistent line. It is strongly recommended that a slower car being lapped makes every reasonable effort to facilitate a safe pass.

### Art.22.5 Yellow Flag

- 22.5.1) A yellow flag signals a caution of some kind.
- 22.5.2) When a yellow flag is displayed, this indicates danger, passing is not advisable, Be prepared to slow down, and the track may be partially or completely blocked.
- 22.5.3) On road courses, if a local yellow flag is displayed, all drivers should be aware that there is an incident on track and proceed with caution.
- 22.5.4) In the event of a full-course caution, a yellow flag will be displayed at the start/finish line and all corner stations, or written in the in-game text or announced over the radio as "FCY". Race Control will freeze the running order and send the pace car out to pick up the race leader. Drivers must comply with instructions from Race Control regarding where to line up behind the pace car.
- 22.5.5) In the case of an FCY driver/riders are to slow down to 80km/h and maintain their position, no overtaking may be done past any cars regardless of position on track unless instructed by race control.

## Art.22.6 Black Flag

- 22.6.1) A black flag signals a warning or penalty of some kind.
- 22.6.2) When displayed furled, this indicates a warning from the sim and action may be required by the driver, such as slowing on the course, to avoid an in-session penalty.
- 22.6.3) Stationary black flag and "DQ" in the drivers position relative this means the driver has been disqualified from the race.
- 22.6.4) When displayed with an orange circle, fondly known as a "meatball", this indicates your vehicle has suffered excessive damage and it is unsafe to continue racing. The driver must return to the pits for required repairs or be disqualified.
- 22.6.5) Black Flag Procedures
- 22.6.6.1) The sim may assess five types of Black Flag Penalties:
  - Time Penalty: This penalty is added to the driver's time that can be served during a pit stop or by the end of the race.
  - Stop-and-Hold This penalty requires the penalized driver to return to his or her pit box and come to a complete stop inside the box. The sim will then hold the driver for a specific duration of time before releasing them to rejoin the race.
  - Drive-Through This penalty requires the penalized driver to drive through the pit lane without stopping. The sim will clear the penalty as the driver exits the pit lane.
     Drive-through penalties may not be served alongside any other black flag penalty applied to the driver.
  - Disqualification Upon disqualification, a driver has 30 seconds to pull off of the racing line and exit the session, otherwise the sim will automatically remove the disqualified driver. The sim will immediately remove any driver from a session who is assessed a disqualification black flag for driving the wrong way on the track.
- 22.6.6.2) If a driver is assessed a black flag penalty by the sim in any session, he or she must return to the pits within the next three laps to serve the penalty. Although the driver's lap count will continue uninterrupted, lap times will not be recorded until the driver has served his/her penalty.
- 22.6.6.3) The driver may not use the Enter/Exit/Tow Car control (also known as "Reset") to return to the pits to serve a black flag penalty during a race session.

22.6.6.4) Failure to return to the pits and serve a black flag penalty will result in the application of a time penalty after the completion of the race.

22.6.6.5) Serving a Stop-and-Go or Stop-and-Hold penalty will be done without performing any pit service.

#### Art.22.7 Failure to comply

22.8.1) Failure to comply with any flag signal may result in a black flag penalty being assessed by the sim.

# Art 23. Race Procedures

## Art.23.5 Warm -Up

23.5.1) Some sims before the race have a Warm-Up period of approximately 2 to 10 minutes. This time is to ensure all drivers have loaded into the event/race and allow for a bit of additional practice on the track.

23.5.2) The checkered flag is displayed after the predetermined Warm-Up time. After 10 seconds, the gridding process begins.

## Art.23.6 Griding

23.6.1) At the start of the gridding process, each driver will have an allocated time to make final adjustments on the grid. When the counter reaches 30 seconds the "Drive" option will become available to place his or her car on the starting grid. This is done by clicking on the green "Drive" button at the top of the screen.

23.6.2) Any driver not gridding his or her car within the time limit will start the race from his or her pit box.

## Art.24.8 Rolling Start

24.8.1) Once all drivers are on the grid, the sim will give a cue or use a pace car will lead the field around the track for at least 1 lap or the last sector of the track, and then exit the track as late as possible and enter the pit lane.

24.8.2) As the front row of cars approaches the start/finish line they are to maintain their speed that is given by the sim and remain within their allocated position marking as provided by the sim until the green flag is shown, signifying the start of the race.

24.8.3) Drivers shall not pass cars in their pacing line on the left-hand side or right-hand side before the start/finish line. Drivers attempting to improve their position by passing on the left-hand side or right-hand side before the green flag will be given a penalty by the sim. The leader of the second pace line may not pace in front of the leader of the first pace line (pole position).

The race should be started by the Green Flag. If the leader of the second pace line passes the leader of the first pace line (pole position) before the start/finish line he/she may be issued a penalty by the sim.

24.8.4) Drivers are not allowed to approach the start/finish line as a race transitions from pacing, for example under a yellow flag or at the start of a race, to speeds that are well beyond the pacing speed or speed of the leaders in an attempt to time the green flag to unfairly overtake other cars. An example of this would be to come up behind and catch a pack of cars pacing at 70 km/h under yellow flag conditions at a speed of 150 km/h in the vicinity of the start/finish line just as the race goes to the green flag, and passing those cars.

Under those conditions, the car catching up to the field from behind should slow down and get in line at the back of the pack at pacing speed and then begin racing as normal once the green flag is given.

#### Art.24.9 Pit Procedures

25.9.1) For stewarding purposes, the start of the pit lane is defined by a pair of yellow cones, one on each side of the lane, and the end of the pit lane is defined by a pair of green cones, one on each side of the lane, or lines painted in box pattern that is off the track and demarcated by a pit board with a speed limit in the sim.

25.9.2) Pit lane speed limits are in place in the sim. Drivers must slow to the posted pit lane speed limit before passing through the two yellow cones that mark the entrance to the pit lane and by the white line on the ground and/or pit entry board, and drivers may not accelerate above the pit lane speed limit until after passing through the two green cones and a white line painted on the ground with a pit exit board that marks the exit of pit lane. Failure to obey the posted pit lane speed limit will result in a penalty given by the sim.

25.9.4) At tracks with defined pit lane entry and exit, as indicated by existing painted lines, barriers, and/or cones, drivers must observe and obey such demarcations. Failure to do so on entry may result in a penalty. Failure to do so on exit may result in a penalty. Both are given by the sim itself.

25.9.5) A driver's car must be inside his/her assigned pit box correctly to serve a penalty or receive pit service.

25.9.6) A driver may call for a tow to the pits at any point during a race by pressing the Enter/Exit/Tow Car control (also known as "Reset"), which will move the driver forward around the track to his or her pit stall, where they will be held for some amount of time that represents a tow vehicle returning the driver's car to the pits.

The time the tow takes is based on how far forward around the track the driver's car is being towed so that the driver is neither gaining nor losing track position to the other competitors, plus a base penalty time for calling for a tow.

If the tow takes a driver across the start/ finish line to his/her pit stall, the driver will be scored for that lap after the tow completes. Once the tow is complete, the driver's pit crew may complete any requested pit work and attempt to repair the car.

25.9.7) The duration of a tow is based on minimizing advantage gained or lost relative to other competitors on the track regardless of where on the track a tow is called for.

25.9.8) Exiting a car or disconnecting from the server while driving is equivalent to requesting a tow. The tow continues while the driver is out of his or her car and/or disconnected and trying to rejoin. The driver may re-enter his or her car at any time during or after the tow, but will still have to wait for the tow duration to complete before performing pit crew actions, or continuing the race.

25.9.9) A driver may pit under power, without pressing "Enter/Exit/Tow Car," as often as he/she chooses, to change tires, refuel, repair.

25.9.10) All Sims have prompts that come on the screen with a warning you entering pits and the speed limit of the pit lane you need to slow down too. Some sims and software also give you voice prompts.

# Art 26. Internet quality - Net code or server problems

Drivers are to have a stable internet line, preferably connected by an ethernet cable to the router. If a driver is seen with an unstable ping, they are to remove themself from the race or will be asked to leave the race till the problem is resolved.

Incidents of net code will be reviewed case by case. If the incident happens once the driver is given a warning and it is deemed as a race incident but if the incident happens multiple times it is reviewed under collisions and stronger penalties will be applied.

A stable ping rate of 350 is needed if drivers are unable to have the required ping rate they are to remove themselves from the server so as not to impede the field. In the case of 30 percent of the field experiencing the problem then the race organizer is to be notified and the server be stopped as a red flag condition the race will be delayed and officials will communicate when the server is back online. Server admin will use the communication stipulated in their SSRs. The server is to be shut down and restarted under the same conditions as before the restart. The race will be restarted as a completely new race and at full length unless server admin decides otherwise.

If a server problem can't be resolved on the same day as the race was scheduled, the organizers are to inform the competitors and the MSA sim racing workgroup of a delayed date, communications will then be sent out by both the organizers and MSA sim racing workgroup communication channels. An incident report is to be made explaining the problem, the solution date of the initial race, and the new date. The report is to be submitted to the MSA sim racing workgroup and can be accessed by the leagues to help ensure the problem is minimized.

# Art 27. Code Of Conduct

- 27.1) MSA Sim Racing Workgroup and Zodiac Racing place a high value on responsible driving and fair competition. Accidents in racing are inevitable; they are a natural consequence of close competition. This is why we stress on development of driving skills and the avoidance of accidents.
- 27.2) In the physical world, the risk of injury and expensive car repairs serves as a natural deterrent to reckless driving. Because those risks do not exist in the virtual world, the MSA Sim Racing Workgroup and Zodiac Racing works with the sim racing stewards to make neutral and impartial decisions on the outcomes of penalties so it is the responsibility to avoid crashes still resides with each driver.
- 27.3) We believe that racing in the virtual world is a form of motorsport and we are part of the overall motorsports landscape. We expect that all members of our community racers, spectators, officials, and employees will conduct themselves in the same way as a respectful

participant would at an event in the physical world. We owe every other member of the MSA Sim Racing communities the same courtesy and respect that we expect to receive.

27.4) We want this to be a fun, pleasant, and harassment-free experience for everyone, regardless of gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, or religion. We do not tolerate harassment of participants in any form. Participants asked to stop any harassing behavior are expected to comply immediately.

#### 27.5) Harassment

#### Harassment includes:

Offensive comments related to gender, gender identity and expression, sexual orientation, disability, mental illness, neuro(a)typicality, physical appearance, body size, race, or religion Unwelcome comments regarding a person's lifestyle choices and practices, including those related to food, health, parenting, drugs, and employment.

Deliberate misgendering or use of 'dead' or rejected names

Gratuitous or off-topic sexual images or behavior in spaces where they're not appropriate Simulated physical contact (e.g. textual descriptions like "hug" or "backrub") without consent or after a request to stop.

Threats of violence

Incitement of violence towards any individual, including encouraging a person to commit suicide or to engage in self-harm

Deliberate intimidation

Sustained disruption of discussion

Unwelcome sexual attention

Continued one-on-one communication after requests to cease

Publication of non-harassing private communication

#### 27.6)Reporting

If you are being harassed, notice that someone else is being harassed, or have any other concerns, please contact the admins. They'll respond as promptly as they can.

We will respect confidentiality requests for the purpose of protecting victims of abuse. At our discretion, we may publicly name a person about whom we've received harassment complaints, or privately warn third parties about them. We will not name harassment victims without their affirmative consent.

#### 27.7)Consequences

Participants asked to stop any harassing behavior are expected to comply immediately.

If a participant engages in harassing behavior, the admins may take any action they deem appropriate, up to and including expulsion from this server, disculafication from the championship, removing the person from the league and identifying the participant publicly as someone about whom we've received complaints.

## Art 28. Voice and text chat

28.1) The sims used for competition have different forms to communicate with drivers with one another before, during, and after each race. The high emotions that are a normal part of close racing do not justify verbally abusive or other inappropriate expressions toward officials or other racers. Disrespectful communications, including foul or threatening language and insults, will not be tolerated and could lead to suspension, disqualification or removal from Zodiac Racing.

## **Art 29 Public Forums**

29.1) Public forums, for example: Discord, WhatsApp, etc. Are the social backbone of the communities, providing a way for members to interact with one another, exchange information, and build friendships. Disagreements are part of the landscape, but to maintain a pleasant environment for all community members, participants must not use rude or hostile language. Posts that attempt to publicly confront, bait with excessive negativity, accuse, or attack another member, MSA, and the MSA Sim Racing Workgroup, Zodiac Racing, employees, or officials are forbidden. Those who engage in a pattern of such behavior will face penalties that may include suspension, disqualification or removal from Zodiac Racing..

29.2) Private messages are to hold the same standards as a public forum. Foul or threatening language and insults will not be tolerated and may lead to penalties applied such as suspension, disqualification or removal from Zodiac Racing.

## **Art 30 Series Results**

30.1) Season results will become available as soon as the IRP system has concluded with each event.
